Perhaps the most important freedom our parents gave us was the freedom to choose.

Now we can make sure they have the same kind of freedom.
"I knew Mom wanted to make her own choices whenever possible. Independence was important to her and we kept this in mind as we created Bickford. A movie or a good book. Dining with friends or in front of the T.V. Happiness lies in the freedom to decide, and peace of mind comes from choosing the level of care right for individual needs." - Judie Eby, Founder
